## GRANIT™ XP 1990iSR

Ultra-Rugged Area-Imaging Scanner

Following a legacy of successful deployments, the next generation Granit XP scanners expand capabilities and redefine ultra-rugged scanning.

Granit XP 1990iSR scanners provide extreme performance scanning with best-in-class ruggedness for rock-solid reliability and low total cost of ownership.

## GRANIT™ XP 1991iXLR

Cordless Ultra-Rugged Long Range Industrial Handheld Scanner

Granit™ XP 1991iXLR scanners provide extreme performance scanning with ultra-long range scanning and enhanced ruggedness for optimized productivity and reliability.

Following a legacy of successful deployments, the next series of Granit™ XP scanners offers enhanced depth of field range.
