Draw and sketch with Surface Slim Pen 2 with built-in storage and charging. Customise the all-new Precision Haptic touchpad and use how is most natural to you.

Industry-leading AI acceleration

Unlock unique AI experiences with the Snapdragon® X Elite and Plus processors that run 45 trillion operations per second (TOPS).

Unlock more speed from the CPU

Experience faster performance, more than 90% faster than Surface Pro 9, and boost productivity while getting all-day battery life.²

More recycled materials

Surface Pro's enclosure is made with a minimum of 72% recycled content, including 100% recycled aluminium alloy and 100% recycled rare earth metals.

Power multiple monitors

Two USB-C®/USB4® ports enable fast data transfer and support for up to three 4K monitors at 60Hz with compatible docks.⁶

Hub and Spoke

We genuinely believe that business systems should provide your business, customers, clients and employees with the infrastructure, software and business processors that allow them to succeed in their goals.

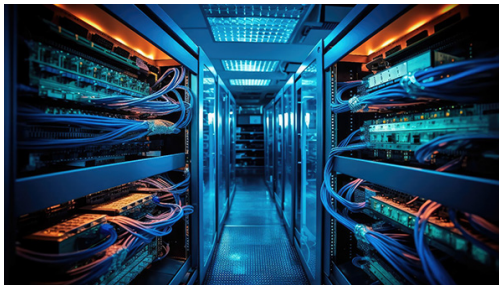

Services include:

- Disaster Recovery and Backup Solutions
- Bitdefender & Cyber Protection
